1 Formula: B919 Extinguishing Media - Treat as an oil fire. Use carbon dioxide, dry chemical or foam.

Special Fire Fighting Procedures - Keep containers cool and vapors down with water spray. Prevent runoff from entering sewers and public waterways. Wear self-contained breathing apparatus (SCBA) in chemical fires.

Hazardous Products of Combustion- Oxides of carbon

Unusual Fire and Explosion Hazards - It may be ignited by heat or flame, but will not ignite readily.

SECTION 6: Accidental Release Measures

Small Spill - Wipe up small releases with a dry absorbent cloth or other absorbent material.

Large Spill – Absorb liquid with vermiculite, absorbent cloth, or other absorbent material. Prevent material from entering sewers or drains. Ventilate area and block traffic. Transfer contaminated material into suitable container for proper disposal.

SECTION 7: Handling and Storage

Handling - Avoid contact with eyes. Wash thoroughly after handling. Do not swallow, liquid is an aspiration hazard. Avoid inhaling vapors. Use with adequate ventilation. Do not deliberately concentrate or inhale vapors.

Storage – Follow label directions carefully. Keep out of reach of children. Keep container tightly sealed when not in use. Do not contaminate water, food, or feed by use or storage. Do not use around ignition sources such as heat, sparks, open flame, etc.

SECTION 8: Exposure Controls / Personal Protection

Eye Protection – Yes, if direct contact is possible use goggles or approved safety glasses (ANSI Z87).

Skin Protection - Not usually necessary. If repeated or prolonged contact is possible wear impervious gloves.

Respiratory Protections – Not usually necessary. Use with adequate ventilation. Use NIOSH/MSHA approved respirator if PELs or TLVs are exceeded.

Engineering Controls – Ventilation not usually necessary but should be provided in the event of overexposure.

SECTION 9: Physical and Chemical Properties

Appearance and Odor:	Clear colorless liquid with a lemon scent saturated on a towel.		
PH	N/A		
Specific Gravity (70°F)	0.791		
Boiling Point:	370° F		
Melting Point:	No Data		
Evaporation Rate (Butyl Acetate = 1)	No Data		
Vapor Pressure (mm-Hg @ 70°F)	No Data		
Vapor Density (AIR = 1)	>1		
Solubility in Water	Negligible		
Volatile Organic Compounds (VOCs)	182 grams per liter or 23% by weight VOCs		

SECTION 10: Stability and Reactivity

Hazardous Polymerization – This product will not undergo hazardous polymerization.

Hazardous Decomposition or Byproducts – Oxides of carbon

Chemical Stability - Stable

Incompatibility (Materials to Avoid) - Strong oxidizers, alkalies, acids, and selected amines.

SECTION 11: Toxicological Information

No Data

SECTION 12: Ecological Information

No Data

2 Formula: B919

SECTION 13: Disposal Consideration

Disposal Method - Dispose of in accordance with all applicable local, state, and federal regulations.

RCRA Waste Information – If this product becomes a waste, it would not be a hazardous waste as defined by RCRA (40 CFR 261). However the waste should be properly characterized to evaluate whether its composition has been modified prior to disposal.

SECTION 14: Transport Information

DOT Information - 49 CFR 172.101

Proper Shipping Description: Not Regulated

Hazard Class: None

Identification Number: None

Packing Group: None

SECTION 15: Regulatory Information

US Federal Regulations:

TSCA (Toxic Substances Control Act) Status

All ingredients are on the TSCA inventory or are not required to be listed on the TSCA inventory.

CERCLA RQ – 40 CFR 302.4 (a)

None Listed

SARA 313 Components – 40 CFR 372.65

None

State and Local Regulations:

California Proposition 65

None

NSF Registration Category Code – C1

Section 16: Additional Information

Date Prepared:

Rev. 6 - 06/14/07 – Skin Irritation change

Rev. 5 - 05/15/07 – Flashpoint change

Rev. 4 - 03/08/07 - OMS CAS number change

Rev. 3 – 11/30/06 – NSF category code added.

Rev. 2 - 09/05/06

Rev. 1 - 04/05/06

WARNING! The use of this product is beyond the control of the manufacturer; therefore, no guarantee, expressed or implied, is made as to the effects of such or the results to be obtained if not used in accordance with directions or established safe practice. The user must assume all responsibility, including injury or damage, resulting from its misuse as such, or in combination with other materials. The manufacturer warrants only that this product meets the manufacturer's specifications for such product. THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, AS TO DESCRIPTION, QUALITY, MERCHANTABILITY. FITNESS FOR ANY PARTICULAR PURPOSE, PRODUCTIVENESS, OR ANY OTHER MATTER, OF THIS PRODUCT. THE MANUFACTURER SHALL BE IN NO WAY RESPONSIBLE FOR THE IMPROPER USE OF THIS PRODUCT. The sole and exclusive remedy against the manufacturer for breach of warranty shall be reimbursement of the purchase price of the product in the event that a defective condition of the product shall be found to exist. NO OTHER REMEDY (INCLUDING BUT NOT LIMITED TO INCIDENTAL OR CONSEQUENTIAL DAMAGES FOR INJURY TO PERSON OR PROPERTY OR ANY OTHER INCIDENTAL OR CONSEQUENTIAL LOSS) SHALL BE AVAILABLE.
